Arcane Bloodline

You are descended with arcane power, granting you an inherent talent for the manipulation of magic. You may be descended from powerful wizards, archmages whose arcane mastery was so great it became infused into their bloodline, or you may have somehow become entangled with the Weave. Regardless, you are the envy of wizards and sorcerers alike.

Arcane Spells

Starting at 1st level, you learn additional spells when you reach certain levels in this class, as shown on the Arcane Spells table. Each of these spells counts as a cantrip for you, but it doesn't count against the number of cantrips you know.

Whenever you gain a cantrip level, you can replace one spell you gained from this feature with another spell of the same level. The new spell may be from the same or another spell list.

Arcane Spells

Arcane Level	Spells
1	arcane magic, magic missile
3	arcane, enhance ability
5	aligned magic, metamagic
7	arcane eye, battlehymn
9	arcane, eldritch blast

Arcane Spellbook

At 1st level, an wizard you can draw from the deep well of an arcane magic within you, allowing you to master arcane spells. This spell book can have a combined total that is equal to or less than the sum of your wizard level and wizard spells.

For example, if you're a 1st-level wizard, you can possess up to ten levels worth of spell slots. You can possess either a 1st-level spell slot or two 1st-level spell slots. You must complete a long rest before you can use the feature again.

Metamagic Savant

At 10th level, you learn two additional metamagic options from the Metamagic list.

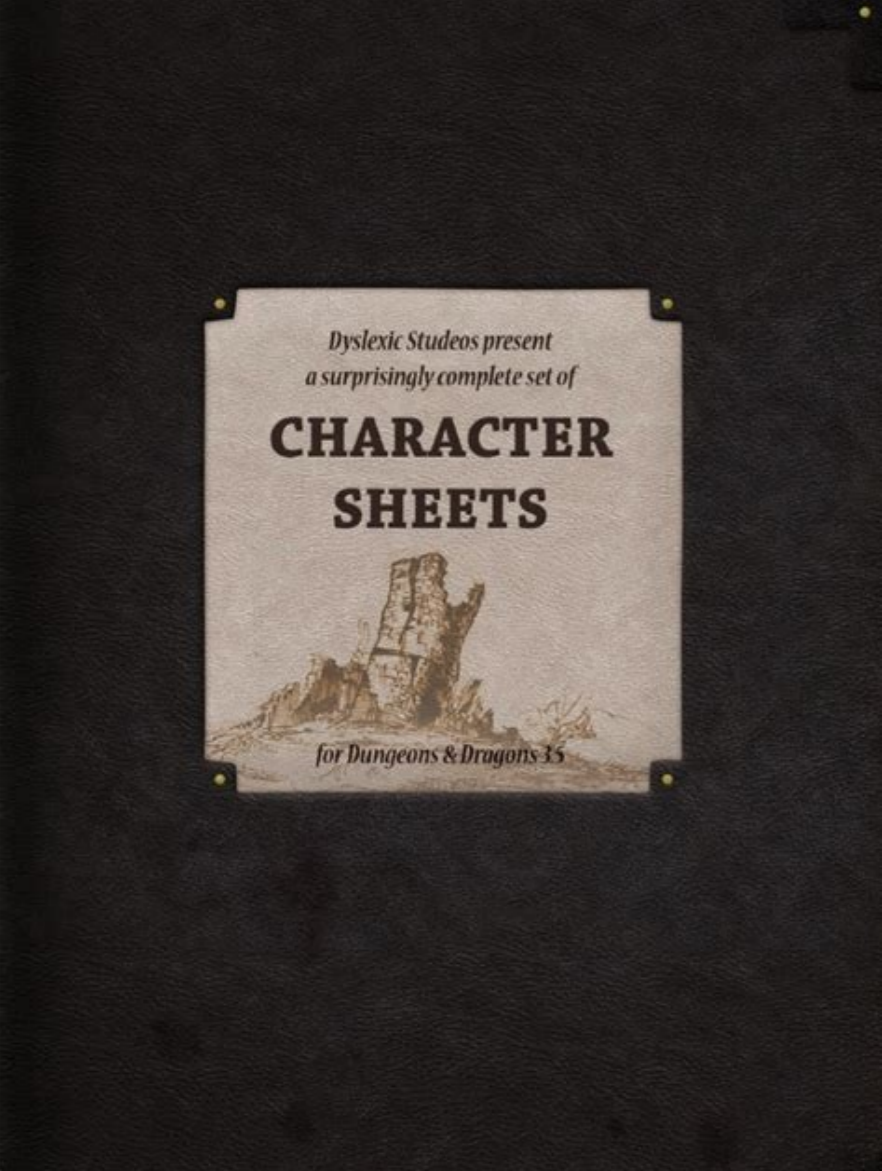

Consume Spell

At 10th level, you are able to steal the arcane energy from a wizard's spell and use it for yourself. When you cast a cantrip or a spell of 1st level or lower, you have a chance to steal the spell's energy. You gain a number of temporary points equal to the level of the spell you consumed (or double).

Arcane Spellbook

At 10th level, you can powerful magic from deep in your bloodline's history. As an action, you can spend 10 wizard points to cast a spell of 10th level or lower from the wizard or sorcerer spell list, even if it is not one of your spells known. You cannot use this feature again until you complete a long rest.
